Feel with your skin how Chun Hyang would feel after being sentenced to death!
Announce your sins!

T/N: The poem below is in the style of an old Korean poem. I can't do the poem justice, but the general gist is 'Hooray, I was so foolish and I would have failed my exam, but now spring has come and saved me. I don't know if this is a dream but I'm afraid of waking up if this is a dream'.
